# MERVYN

---

DARK ELECTRONICA · NU-INDUSTRIAL · EBM

AIX-EN-PROVENCE, FRANCE

## B I O G R A P H Y

MERVYN is a testament. A testimony to an apocalyptic era. Alternative by nature. Dark by context.

Having laid down an indie-cyberpunk vision across two early EPs, Mervyn now expands the range of his influences. *Eros* (2025) digs into the variations of an industrial rock as cold and heavy as it is desperate and irreverent. *Thanatos* (2026) will offer a warmer, grief-laden, atmospheric reading. Together, the two EPs mark a second era for Mervyn's dystopian sound.

Mervyn is the creative space of Mathieu Stachino, composer and producer based in the South of France.

The single *Now, our XOR* — from *Thanatos* — is out April 24, 2026.

---

On stage, Mathieu is joined by drummer David Benzazon, a long-time collaborator, in a dawless live set leaving room for improvisation and genre blending.
